Dear Skip,

On behalf of the Alachua County Public Schools, I want to thank you for providing a curriculum product that gives kids the second chance they need to succeed in high school. This year we purchased thirty (30) SHCOE enrollments for our seniors who had everything in order except a passing FCAT score. We began in May and several students have already completed their career course work and earned a standard high school diploma through Smart Horizons. If we had not intervened with the Smart Horizons option, these students were destined to receive Certificates of Completion for their four years of high school work and achievement.

These SCHOE credits help ensure that students graduate on time. In many cases, this program was their last and only chance to succeed. Our students found your online product accessible and effective. Assigning an online academic counselor to each student helped them navigate the courses and stay on track. Our school administrators could also monitor student progress and intervene when necessary. Another very useful tool was the reusable option, which allowed us - for a reasonable administrative fee - to enroll a new student if the first student dropped out or no longer needed the program (e.g., achieved an ACT concordant score).

Again, on behalf of our students, parents, teachers, and administrators, I want to thank you for this effective educational tool. We look forward to working with you and Smart Horizons in the future.

Sincerely,

A handwritten signature in black ink that reads "Charles J. Wise". The signature is written in a cursive, flowing style.

Charles J. Wise
District Coordinator
