Dear Skip;

Thank you so much for all you do to help the Florida Sheriffs Boys Ranch. As a school for "at risk" kids, facing the challenges and rigors of public school graduation requirements has always been a difficult path. It is heartbreaking when a youth tries his hardest in his class work and class tests and is denied a diploma, due to standardized tests and end of year testing requirements.

You have helped us put in place credit redemption programs, but The Smart Horizons Career Online standard high school diploma option has opened a new opportunity for us to offer these youth. It is easily navigated, offers reachable requirements and is manageable by most of our population. We have 5 licenses in place and the student feedback is very positive. The interactive lessons keep them on task. Lessons are high interest, use assorted technology and cover a variety of subjects. The career courses are pertinent and useful. All classes are user friendly and our students are totally engaged in the subjects.

Thank you for helping us find an alternative graduation option that helps our youth feel success in learning and gives them career options that are reachable. You are truly a valued friend of our program.

Sincerely,

Susan Moffat

Director of Education
