Dear Skip,

Thank you for suggesting the Smart Horizons Online High School program for Marion County seniors. This has been a great opportunity for our students who were credit deficient and/or could not pass the FCAT to earn an accredited high school diploma. Of our 30 slots, twenty-three students have earned a diploma to date, with the possibility of seven more by the end of July. This is a positive for the students who enrolled, their families, the school system, and the community, a win-win for all.

Our high school principals praised the easy accessibility for students and administrators.

As always, you are a pleasure to work with, you listen to our concerns, take the initiative, and find solutions! Thank you for your expertise and commitment to education.

Sincerely,

Mark Vianello
